

HOUSE APPROVES  
TARIFF MEASUREPasses Underwood Bill by Vote  
of 281 to 139.

## PARTY LINES CLOSELY DRAWN

Five Democrats and Fourteen Progressives Oppose the Measure and Two Republicans, Four Progressives and One Independent Progressive Vote With the Majority—Bill May Have Close Shave in the Senate.

Washington, May 9.—The Underwood tariff bill, proclaimed by the Democratic party as the answer to its platform pledge to reduce the tariff downward, was passed by the house. The vote was 281 to 139, five Democrats voting against the bill and two Republicans for it. Four Progressives supported the measure and fourteen opposed it, while one independent Progressive joined with the majority.

When Speaker Clark announced the vote exuberant Democrats hoisted a stuffed Democratic donkey over the heads of their colleagues in the rear of the chamber, a faint ripple of applause followed and the gavel fell on the first chapter in the history of President Wilson's extra session of congress.

Republicans and Progressives, led respectively by Representatives Mann and Murdock, protested to the last against the measure, the lowest tariff bill ever written, and proclaiming, as the Democratic avalanche bowled them over, the virtues of tariff commission plans.

Republicans who voted for the bill were Cary and Stafford of Wisconsin. Democrats who opposed it were Broussard, Dupre, Lazaro and Morgan of Louisiana, on account of the schedule reducing sugar 25 per cent and sending it to the free list in three years, and C. B. Smith of New York.

Progressives who voted for the bill were Kelly and Ruple of Pennsylvania, Nolan of California and Bryan of Washington, Kent of California, formerly a Republican, but now an independent Progressive. Progressive Leader Murdock and thirteen of his Progressive followers voted with the minority. Representative Copley, a Progressive, did not vote, answering "present" to his name.

## Bill Now Goes to Senate.

The tariff fight shifts from the house, with its overwhelming Democratic majority, to the senate, where the party's slim majority of six already has been reduced, as far as this bill is concerned, to four. Unless senators familiar with the progress of such legislation are mistaken there is now little prospect of a final vote on the bill before Aug. 1.

The bill's passage through the senate will be fought every step by a Republican organization, apparently entirely in accord on this subject.

Democrats on the senate finance committee, which will handle the bill, express belief that it would go through in practically the same form as it passed the house and that their small majority will stand firm to the last.

The subcommittees of the finance committee which have been investigating schedules of the Underwood bill for weeks plan to make a few changes in several schedules, but the wool, sugar and other schedules which brought out the hard fight in the house are not to be touched, according to the present plan.

The income tax and administration features are to stand. Democratic leaders acknowledge that the two senators from Louisiana will not accept the sugar schedule and that they might be willing to combine with others to defeat the whole bill.

A change of two or more Democratic votes would bring about the end of the Louisiana desire. Although there have been reports about the senate that the Democrats intend to allow one more senator to vote against sugar and another to vote against wool leaders of the finance committee refused to confirm it.

## SEES ACCOMPLICE HANGED

Woman Accused of Implication Witnesses Slayer Die.

Huntington, Pa., May 9.—Frank M. Calhoun, aged fifty-eight, was hanged here for the murder of Benjamin P. Galloup. From a window of her cell Mrs. Galloup, accused by Calhoun of being implicated in the murder, witnessed the execution.

Calhoun is said to have acknowledged the crime to his spiritual adviser and said the object was to obtain the \$2,000 life insurance carried by Galloup.

## INDIAN GUILTY OF MURDER

Killed Father, Who Prevented Him From Shooting Bartender.

Houghton, Mich., May 9.—Henry Shelafoe, a Chippewa Indian, was found guilty in the Baraga county circuit court of the murder of his father, John Shelafoe, Dec. 28, 1912.

Young Shelafoe shot his father dead with a rifle when the latter interfered and prevented him from killing a bartender in a Baraga saloon.

Sentence will be pronounced next week.

Roosevelt Favors Broad Arbitration With England.

## LUNCHEON AT SAGAMORE HILL

Former President Entertains International Conference Who Are Arranging Centenary Celebration of Peace Among English Speaking Peoples. Regards Another War As Inconceivable.

Oyster Bay, N. Y., May 9.—Theodore Roosevelt would have the United States and Great Britain "agree, in advance," to arbitrate any question which might arise between them. So he told the international conference who are arranging the centenary celebration of peace among English speaking people in addressing them as their host at a luncheon at his home on Sagamore hill. Newspaper men were not admitted to the function, but a summary of his remarks, "approved by Mr. Roosevelt," was made public.

Although it was said that he did not specifically mention the Panama canal dispute members of the foreign delegation said that he unmistakably referred to that question as one which should be settled by arbitration, if settlement could not be reached by negotiation.

"I am not myself one who readily makes a promise, but once made I should think it should be kept," he was quoted by H. F. Ferris, secretary of the British delegation, as saying in apparent reference to the Hay-Pauncefote treaty, which was signed during Colonel Roosevelt's administration.

Speaking of the extent to which he would accept arbitration methods in international disputes Mr. Roosevelt said that he was perhaps somewhat of a heretic in the eyes of his friend, Mr. Carnegie—who sat on his right—as there were certainly some subjects which, under certain conditions, he would never consent to submit to arbitration; but he would assure him of this—that so far as the British empire and the American republic were concerned he was prepared to agree, in advance, to the settlement of any question that might arise, either by mutual agreement, by arbitration, or any other method that would not produce friction.

War between these two countries was, and must be, inconceivable. About twenty-five members of the conference were present, motoring here from New York.

## NO EXEMPTION FOR UNIONS

President Wilson Will Sign Sundry Civil Measure.

Washington, May 9.—President Wilson let it be known that when he acts on the sundry civil bill he will make a statement concerning the appropriation in it for enforcing the anti-trust laws, the use of which is prohibited for the prosecution of labor unions or farmers' organizations under the Sherman act.

The president is expected to sign the bill, but will point out that the question of whether labor unions are immune from prosecution under the anti-trust laws is not affected by provision of the appropriation bill.

It is regarded as practically certain that in the December session of congress an effort will be made to revise the anti-trust laws in this regard.

## ACCUSED OF KILLING SON

Spokane Woman Arrested on Murder Charge.

Spokane, Wash., May 9.—Mrs. Mary Johnson was arrested here charged with the murder of her son, Raymond Johnson, twenty-six years old. The accusation resulted from the verdict of a coroner's jury.

Raymond Johnson had been insured in two fraternal orders with his mother as the beneficiary. He died in convulsions at her home ten days ago and an autopsy disclosed that death had resulted from a large dose of poison.

## PRESIDENT CHOSE MITCHELL

Statement Intended to Clarify Conflicting Reports.

Washington, May 9.—Varying reports as to who originally proposed John Purroy Mitchell to be collector of the port of New York brought from the White House a statement that President Wilson himself had requested Mr. Mitchell to take the office. It became known that Senator O'Gorman and Secretary McAdoo both concurred in the selection after Mr. Wilson had suggested Mr. Mitchell.

When President Wilson sent the name of Mitchell to the senate the name was spelled, by mistake, "Mitchell," and this will necessitate the sending in of the nomination a second time. He will take up his new duties June 1.

## KENNETH D. M'KELLAR.

Tennessee Congressman Has Bad Attack of Indigestion.

## CONGRESSMAN IS STRICKEN

K. D. McKellar of Tennessee Ill of Indigestion.

Washington, May 9.—Just before the house reached a final vote on the Underwood tariff bill Representative Kenneth D. McKellar of Tennessee was stricken by a severe attack of indigestion as he was passing through a corridor.

He was carried to his home and at the request of Representative Padgett the house excused him from casting his vote on the bill.

BRYAN VOICES HIS  
LOYALTY TO WILSON

Secretary of State Guest of Baltimore Editor.

Baltimore, May 9.—Considerable interest attached to a dinner given here in honor of Secretary of State William Jennings Bryan, by Charles H. Grasty, editor of the Baltimore Sun, and at which A. Mitchell Palmer, the Wilson leader in the house of representatives, also was a guest and spoke.

As it was Mr. Bryan's first public appearance since his return from his mission to California his remarks were awaited by the diners with keen expectancy.

The secretary of state, however, did not allude to his Western trip or its object in the remotest manner. He spoke of the hopes and aims of the administration and his speech throughout breathed a spirit of loyalty to the president. Speaking of his own defeats he said he cherished no regrets.

"There is no load that will break a man down so quickly, and so surely, as a load of revenge," he said. "The man who tries to get even with others has few opportunities of gratifying his hatred, but he is all the time corroding himself."

Mr. Bryan rejoiced that he had lived to see a change take place. "I owe my office to the generosity of the president of the United States," he said. "He led us in the last fight and if any one thinks I was disappointed because the leadership fell to another let him disabuse his mind of that thought."

## FEAR SUFFRAGETTE BOMBS

English to Close Historic Buildings During Coming Holidays.

London, May 9.—The mystery of the bombs found in St. Paul's and other buildings has not been solved. Nor has anything been discovered that would throw light on them. The suffragettes neither admit nor deny their responsibility.

Much indignation prevails among all classes of society because during the coming holiday period Windsor Castle will be wholly or partially closed, with the Tower of London, the British and other museums, cathedrals and public buildings, owing to the fear of a suffrage outrage.

## Want Rate Case Reopened.

New York, May 9.—Asking that the Eastern rate case be reopened, a brief will be filed with the interstate commerce commission next Monday by the fifty-two railways. The roads are trying to get their freight rate raised 5 per cent.

## NO PARLEY WITH UNIONS

St. Louis Telephone Manager Refuses to Receive Girls' Agent.

St. Louis, May 9.—W. J. Hiss, general manager of the Southwestern Telephone company (Bell lines), refused to receive two members of the Woman's Trades Union league who came to demand the reinstatement of telephone girls, who, it is said, were discharged after a movement had been started to organize the switchboard operators.

The general manager sent word that he would not receive representatives of a union as such, but would receive his employees in their individual capacity and talk over their grievances.

TARIFF DEBATES  
WERE ENLIVENED

Repatee Often Broke the Monotony.

## HOUSE DEMOCRATS LOYAL.

Even Those Who Had Opposed Certain Schedules Stuck to the Party Because They Had Said Their Say In Caucus and Had Been Overruled. Speaker Clark Couldn't Keep Out.

By ARTHUR W. DUNN.

Washington, May 9.—[Special.]—The tariff debates in the house occasionally become interesting, but not on account of what was contained in the bill under consideration. The most interesting phase of the discussion was a review of what happened in the closing days of the last Republican congress when by skillful juggling a bill for a tariff commission was defeated.

One reason why the debate did not attract much attention was because all the fireworks—talk by Democrats opposed to the bill—had been worked off in the caucus. There was a lot of Democratic opposition, but it was bottled up. These Democrats felt that they could not afford to fight the party, and so they accepted the inevitable. They could not be taunted into the open by efforts of the Republicans who nagged at them from time to time.

## Champ Always Interesting.

Speaker Clark is always interesting when he gets into debates. And he couldn't keep out of the tariff debate all the time, although he holds off with heroic efforts when he is just "champing," so to speak, to take a hand in the rough and tumble contest. Like Speaker Cannon, Champ is popular among his opponents. And he has more friends among the Democrats now than a year ago, when he needed them more.

## Chiding Each Other.

For the most part the men who have taken part in the running discussion of the tariff have chided each other for lack of knowledge. The debaters sarcastically refer to the ignorance of their opponents. In sneering tones they speak of lack of information and failure to grasp conditions. That sort of repartee doesn't get very far, even among the members.

## Semi-weekly News Interviews.

Just what President Wilson thinks about the half circle of newspaper men, 100 more or less, who stand around him twice a week and put question after question to him concerning all the events of his administration and also as to what is going on in congress we will probably never know. But it is an interesting feature of the publicity end of the game.

There stands the president, not like a professor with a lot of students, but rather backing away behind his chair, which he keeps handling while he listens to answer questions. From the group questions of assorted size and importance are asked. Nothing is too important nor too trivial to be presented to the president. He is asked about foreign affairs and domestic affairs, about his own doings and those of his cabinet, about matters in congress and in the departments, about subjects of which he might have full knowledge and subjects of which he could by no possible means have any knowledge.

Where possible President Wilson turns the questions into a semi-humorous vein, particularly those which are absurd. Finally the quizzing palls on him. He shows weariness, a desire to get away, and looks as if he would "shoo the gang out" if he could. Then a few slip around and ask the real important questions, their little "exclusives," so to speak, for the general questioning throws open all the news for everybody.

## What We Need.

"The sort of tariff we need is one for the unprivileged," said Congressman Kent of California, "for the man who has no means of shifting the burden on the man below him."

The trouble is to make such a tariff. The man who can invent taxes which are not shifted to the man at the bottom has been sent to congress.

## Governors In the Senate.

The percentage of governors in the senate continues. There are now twenty-one former governors in that body. Of the new senators Brady of Idaho, Burleigh of Maine, Robinson of Arkansas, Shafroth of Colorado and Vandaman of Mississippi have been governors.

## The "Forked Minority."

"As a new member," remarked Congressman Aswell of Louisiana, "I should be profoundly grateful to both prongs of the forked minority for telling me how to vote."

As both factions of the minority had told the new members on the Democratic side that they were being "led around with rings in their noses," that they were "being tied up and delivered" and asked them to come over and be men and vote independently, the allusion was appreciated. And here is Aswell's tribute to Victor Murdock:

"The eloquent, able and very noisy leader of the shorter prong of the minority, sometimes called bull moosers," Aswell told both "prongs of the minority" that he would stay with his party.

## TO QUIZ AFFIDAVIT MAKER

Committee Will Call Woman in Inquiry Into O'Hara's Morals.

Springfield, Ill., May 9.—Members of the committee of four senators designated to conduct the investigation into the affidavit reflecting upon the character of Lieutenant Governor O'Hara probably will hold a conference in Chicago Saturday or Monday to formulate plans for a continuation of the investigation. This statement was made by the chairman of the committee.

It is probable that the investigators will proceed first to establish the authenticity of the affidavit in question. They will endeavor to locate the woman who made it.

WILSON WATCHING  
EVENTS IN MEXICO

Outcome of Elections Will Determine Recognition.

Washington, May 9.—Intimations came from the White House that President Wilson was carefully watching the course of events in Mexico and that the United States government at present was waiting to see if the announced program of the Huerta government to hold bona fide elections would materialize before determining the question of recognition. Administration officials say the United States thus far has treated with the de facto government only business of the most routine character and that it also has had no dealings with the Constitutionalists in the north.

## FALL FATAL TO JURIST.

Rochester, N. Y., May 9.—Peter B. McLennan of Syracuse, presiding justice of the fourth department, appellate division, one of the best known jurists in the state, tripped on the stairs at the Genesee Valley club and fell to the floor below, fracturing his skull. He died without regaining consciousness.

## SUIT LASTS HALF A CENTURY

Action for Damages During Civil War Compromised.

New York, May 9.—The longest lived suit in the history of New York jurisprudence was settled—on action brought fifty years ago against the city of New York by Charles L. Appleby for damages done to his property by a mob during the Civil war.

Mr. Appleby sued for \$7,300 and interest on the principal, which would have totaled \$42,000. He compromised for \$7,300.

When the plaintiff brought the suit he was a young man. He is now eighty-eight years old.

## G. O. P. CAUCUS IS BALKED

Mann Leads Opposition to Reorganization of Committee.

Washington, May 9.—About fifty Republicans in the house met to discuss an early reorganization of the Republican congressional campaign committee, but owing to the opposition led by Republican Leader Mann no action was taken.

The call for the meeting had been issued at the instance of Representative Gardner of Massachusetts, who recently announced his candidacy for the chairmanship.

## PRISON SHIP'S LAST TRIP

Santee Is Sold for \$3,000 and Purchasers Will Strip Her.

Annapolis, Md., May 9.—The old ship Santee, famous in the early days of the navy as a fighting machine, later used as a training ship, then as a prison and station ship at the naval academy, consigned to the junk pile by the government several months ago, is on her last voyage.

She sailed for Baltimore, where she will be patched sufficiently to weather a trip to Boston, where she will be beached and burned to obtain the valuable copper and brass her hull contains.

The vessel was sold to a Philadelphia firm for about \$3,000 and it is estimated that she contains about \$10,000 worth of metals.

Intends Objecting to California Anti-Alien Land Law.

## CHINDA WILL VISIT BRYAN

Mikado's Ambassador to the United States Will Present His Government's Objections to the Provisions of the Measure to the Secretary of State, Who Will Lay the Matter Before President Wilson and the Cabinet.

Washington, May 9.—The Japanese government, through Ambassador Chinda, will acquaint Secretary Bryan with the nature of its objections to the anti-alien land law awaiting Governor Johnson's signature in California and it is expected the position of the United States government will be defined to the ambassador.

The president and his cabinet will meet to discuss the Japanese protest. Afterward Mr. Bryan will confer again with Ambassador Chinda, explaining the attitude of the administration.

It is believed here that the referendum move being urged by Theodore Bell, prominent Democrat in San Francisco, will have the effect of postponing the entire question long enough for the United States and Japan to arrive at an understanding, or perhaps negotiate a new treaty covering disputed points.

Secretary Bryan declined to discuss the referendum and White House officials were equally reticent. It is known that friends of the administration have told the president that there would be no difficulty in getting signers in California to compel a referendum at the polls on the anti-alien bill.

## CONVICTS WILL LIE IDLE

State Prison Contractors Must Wait on Manufacturers.

Leavenworth, Kan., May 9.—Plans for the early resumption of operations at the state prison twine plant, recently destroyed by fire, were blocked when prison officials were notified that options on all second twine plant machinery in the country had been secured, presumably by agents of the twine manufacturers.

A representative of the prison left at once for New York to arrange for the building of new machinery. It was feared the new equipment would not be delivered in time for the manufacture of twine for this season.

Coal Operators Seek Injunction Against Miners' Federation.

Charleston, W. Va., May 9.—Charging that the United Mine Workers of America is an organization in restraint of trade, a trust and a combination acting in violation of the Sherman anti-trust law coal operators of the New River field of West Virginia asked for an injunction against President John P. White, Vice President Frank Hays and other officials of the miners' union to prevent them from interfering in any way with men employed by the operators.

## BRAVERY MAY FREE INDIAN

Convict Hero of Kansas Fires to Get Commutation.

Leavenworth, Kan., May 9.—That the sentence of Dennis Jackson, a full blood Potawatomi Indian, who is in the state penitentiary for the murder of his wife and mother-in-law, be commuted from sixty to fifteen years, was recommended by the state penal board.

His heroic conduct in three prison fires was the reason for the board's action. Liquor caused him to commit murder.

## SEED BARLEY BADLY MIXED

Verdict of Government Expert on Minnesota Product.

Minneapolis, May 9.—Minnesota seed barley is badly mixed and produces inadequate crops and an inferior quality of grain, according to H. V. Harlan, barley expert of the bureau of plant industries of the federal department of agriculture, who is at the university experiment station investigating state production problems. Mr. Harlan declares mixed seed is the most noticeable feature of his cereal study.

The new pure seed law probably will help in improving the quality of barley.

## BALKAN PEACE STEP NEARER

## HOUSE APPROVES TARIFF MEASURE

Passes Underwood Bill by Vote  
of 281 to 139.

### PARTY LINES CLOSELY DRAWN

Five Democrats and Fourteen Progressives Oppose the Measure and Two Republicans, Four Progressives and One Independent Progressive Vote With the Majority—Bill May Have Close Shave in the Senate.

Washington, May 9.—The Underwood tariff bill, proclaimed by the Democratic party as the answer to its platform pledge to reduce the tariff downward, was passed by the house. The vote was 281 to 139, five Democrats voting against the bill and two Republicans for it. Four Progressives supported the measure and fourteen opposed it, while one independent Progressive joined with the majority.

When Speaker Clark announced the vote exuberant Democrats hoisted a stuffed Democratic donkey over the heads of their colleagues in the rear of the chamber, a faint ripple of applause followed and the gavel fell on the first chapter in the history of President Wilson's extra session of congress.

Republicans and Progressives, led respectively by Representatives Mann and Murdock, protested to the last against the measure, the lowest tariff bill ever written, and proclaiming, as the Democratic avalanche bowed them over, the virtues of tariff commission plans.

Republicans who voted for the bill were Cary and Stafford of Wisconsin. Democrats who opposed it were Broussard, Dupre, Lazaro and Morgan of Louisiana, on account of the schedule reducing sugar 25 per cent and sending it to the free list in three years, and C. B. Smith of New York.

Progressives who voted for the bill were Kelly and Rupley of Pennsylvania, Nolan of California and Bryan of Washington, Kent of California, formerly a Republican, but now an independent Progressive. Progressive Leader Murdock and thirteen of his Progressive followers voted with the minority. Representative Copley, a Progressive, did not vote, answering "present" to his name.

Bill Now Goes to Senate.

The tariff fight shifts from the house, with its overwhelming Democratic majority, to the senate, where the party's slim majority of six already has been reduced, as far as this bill is concerned, to four. Unless senators familiar with the progress of such legislation are mistaken there is now little prospect of a final vote on the bill before Aug. 1.

The bill's passage through the senate will be fought every step by a Republican organization, apparently entirely in accord on this subject.

Democrats on the senate finance committee, which will handle the bill, express belief that it would go through in practically the same form as it passed the house and that their small majority will stand firm to the last.

The subcommittees of the finance committee which have been investigating schedules of the Underwood bill for weeks plan to make a few changes in several schedules, but the wool, sugar and other schedules which brought out the hard fight in the house are not to be touched, according to the present plan.

The income tax and administration features are to stand. Democratic leaders acknowledge that the two senators from Louisiana will not accept the sugar schedule and that they might be willing to combine with others to defeat the whole bill.

A change of two or more Democratic votes would bring about the end of the Louisiana desire. Although there have been reports about the senate that the Democrats intend to allow one more senator to vote against sugar and another to vote against wool leaders of the finance committee refused to confirm it.

**SEES ACCOMPLICE HANGED**

Huntington, Pa., May 9.—Frank M. Calhoun, aged fifty-eight, was hanged here for the murder of Benjamin P. Gailoup. From a window of her cell Mrs. Gailoup, accused by Calhoun of being implicated in the murder, witnessed the execution.

Calhoun is said to have acknowledged the crime to his spiritual adviser and said the object was to obtain the \$2,000 life insurance carried by Gailoup.

**INDIAN GUILTY OF MURDER**  
Killed Father, Who Prevented Him From Shooting Bartender.

Houghton, Mich., May 9.—Henry Shelafoe, a Chippewa Indian, was found guilty in the Baraga county circuit court of the murder of his father, John Shelafoe, Dec. 28, 1912.

Young Shelafoe shot his father dead with a rifle when the latter interfered and prevented his son from killing a bartender in a Baraga saloon. Sentence will be pronounced next week.

Roosevelt Favors Broad Arbitration With England.

### LUNCHEON AT SAGAMORE HILL

Former President Entertains International Conference Who Are Arranging Centenary Celebration of Peace Among English Speaking Peoples. Regards Another War As Inconceivable.

Oyster Bay, N. Y., May 9.—Theodore Roosevelt would have the United States and Great Britain "agree, in advance," to arbitrate any question which might arise between them. So he told the international conferees who are arranging the centenary celebration of peace among English speaking people in addressing them as their host at a luncheon at his home on Sagamore hill. Newspaper men were not admitted to the function, but a summary of his remarks, "approved by Mr. Roosevelt," was made public.

Although it was said that he did not specifically mention the Panama canal dispute members of the foreign delegation said that he unmistakably referred to that question as one which should be settled by arbitration, if settlement could not be reached by negotiation.

"I am not myself one who readily makes a promise, but once made I should think it should be kept," he was quoted by H. F. Ferris, secretary of the British delegation, as saying in apparent reference to the Hay-Pauncefote treaty, which was signed during Colonel Roosevelt's administration.

Speaking of the extent to which he would accept arbitration methods in international disputes Mr. Roosevelt said that he was perhaps somewhat of a heretic in the eyes of his friend, Mr. Carnegie—who sat on his right—as there were certain some subjects which, under certain conditions, he would never consent to submit to arbitration; but he would assure him of this—that so far as the British empire and the American republic were concerned he was prepared to agree, in advance, to the settlement of any question that might arise, either by mutual agreement, by arbitration, or by any other method that would not produce friction.

War between these two countries was, and must be, inconceivable. About twenty-five members of the conference were present, motoring here from New York.

### NO EXEMPTION FOR UNIONS

President Wilson Will Sign Sundry Civil Measure.

Washington, May 9.—President Wilson let it be known that when he acts on the sundry civil bill he will make a statement concerning the anti-trust laws, the use of which is prohibited for the prosecution of labor unions or farmers' organizations under the Sherman act.

The president is expected to sign the bill, but will point out that the question of whether labor unions are immune from prosecution under the anti-trust laws is not affected by provision of the appropriation bill.

It is regarded as practically certain that in the December session of congress an effort will be made to revise the anti-trust laws in this regard.

### ACCUSED OF KILLING SON

Spokane Woman Arrested on Murder Charge.

Spokane, Wash., May 9.—Mrs. Mary Johnson was arrested here charged with the murder of her son, Raymond Johnson, twenty-six years old. The accusation resulted from the verdict of a coroner's jury.

Raymond Johnson had been insured in two fraternal orders with his mother as the beneficiary. He died in convulsions at her home ten days ago and an autopsy disclosed that death had resulted from a large dose of poison.

When President Wilson sent the name of Mitchell to the senate the name was spelled, by mistake, "Mitchell," and this will necessitate the sending in of the nomination a second time. He will take up his new duties June 1.

### PRESIDENT CHOSE MITCHELL

Statement Intended to Clarify Conflicting Reports.

Washington, May 9.—Varying reports as to who originally proposed John Purroy Mitchell to be collector of the port of New York brought from the White House a statement that President Wilson himself had requested Mr. Mitchell to take the office. It became known that Senator O'Gorman and Secretary McAdoo both concurred in the selection after Mr. Wilson had suggested Mr. Mitchell.

When President Wilson sent the name of Mitchell to the senate the name was spelled, by mistake, "Mitchell," and this will necessitate the sending in of the nomination a second time. He will take up his new duties June 1.

### KENNETH D. M'KELLAR.

Tennessee Congressman Has Bad Attack of Indigestion.

### CONGRESSMAN IS STRICKEN

K. D. McKellar of Tennessee Ill of Indigestion.

Washington, May 9.—Just before the house reached a final vote on the Underwood tariff bill Representative Kenneth D. McKellar of Tennessee was stricken by a severe attack of indigestion as he was passing through a corridor.

He was carried to his home and at the request of Representative Padgett the house excused him from casting his vote on the bill.

## BRYAN VOICES HIS LOYALTY TO WILSON

Secretary of State Guest of Baltimore Editor.

Baltimore, May 9.—Considerable interest attached to a dinner given here in honor of Secretary of State William Jennings Bryan, by Charles H. Grasty, editor of the Baltimore Sun, and at which A. Mitchell Palmer, the Wilson leader in the house of representatives, also was a guest and spoke.

As it was Mr. Bryan's first public appearance since his return from his mission to California his remarks were awaited by the diners with keen expectancy.

The secretary of state, however, did not allude to his Western trip or its object in the remotest manner. He spoke of the hopes and aims of the administration and his speech throughout breathed a spirit of loyalty to the president. Speaking of his own defeats he said he cherished no enmities nor regrets.

"There is no load that will break a man down so quickly, and so surely, as a load of revenge," he said. "The man who tries to get even with others has few opportunities of gratifying his hatred, but he is all the time corroding himself."

Mr. Bryan rejoiced that he had lived to see a change take place.

"I owe my office to the generosity of the president of the United States," he said. "He led us in the last fight and if any one thinks I was disappointed because the leadership fell to another let him disabuse his mind of that thought."

### FEAR SUFFRAGETTE BOMBS

English to Close Historic Buildings During Coming Holidays.

London, May 9.—The mystery of the bombs found in St. Paul's and other buildings has not been solved, nor has anything been discovered that would throw light on them. The suffragettes neither admit nor deny their responsibility.

Much indignation prevails among all classes of society because during the coming holiday period Windsor Castle will be wholly or partially closed, with the Tower of London, the British and other museums, cathedrals and public buildings, owing to the fear of a suffrage outrage.

### Want Rate Case Reopened.

New York, May 9.—Asking that the Eastern rate case be reopened, a brief will be filed with the interstate commerce commission next Monday by the fifty-two railways. The roads are trying to get their freight rates raised 5 per cent.

### NO PARLEY WITH UNIONS

St. Louis Telephone Manager Refuses to Receive Girls' Agent.

St. Louis, May 9.—W. J. Hils, general manager of the Southwestern Telephone company (Bell lines), refused to receive two members of the Woman's Trades Union league who came to demand the reinstatement of telephone girls, who, it is said, were discharged after a movement had been started to organize the switchboard operators.

The general manager sent word that he would not receive representatives of a union as such, but would receive his employees in their individual capacity and talk over their grievances.

## TARIFF DEBATES WERE ENLIVENED

Reprieve Often Broke the Monotony.

### HOUSE DEMOCRATS LOYAL.

Even Those Who Had Opposed Certain Schedules Stuck to the Party Because They Had Said Their Say in Caucus and Had Been Overruled. Speaker Clark Couldn't Keep Out.

By ARTHUR W. DUNN.

Washington, May 9.—[Special.]—The tariff debates in the house occasionally become interesting, but not on account of what was contained in the bill under consideration. The most interesting phase of the discussion was a review of what happened in the closing days of the last Republican congress when by skillful juggling a bill for a tariff commission was defeated.

One reason why the debate did not attract much attention was because all the fireworks—talk by Democrats opposed to the bill—had been worked off in the caucus. There was a lot of Democratic opposition, but it was bottled up. These Democrats felt that they could not afford to fight the party, and so they accepted the inevitable. They could not be taunted into the open by efforts of the Republicans who tagged at them from time to time.

### Champ Always Interesting.

Speaker Clark is always interesting when he gets into debates. And he couldn't keep out of the tariff debate all the time, although he holds off with heroic efforts when he is just "champing" so to speak, to take a hand in the rough and tumble contest. Like Speaker Cannon, Champ is popular among his opponents. And he has more friends among the Democrats now than a year ago, when he needed them more.

### Chiding Each Other.

For the most part the men who have taken part in the running discussion of the tariff have chided each other for lack of knowledge. The debaters sarcastically refer to the ignorance of their opponents. In sneering tones they speak of lack of information and failure to grasp conditions. That sort of reprieve doesn't get very far, even among the members.

### Semi-weekly News Interviews.

Just what President Wilson thinks about the half circle of newspaper men, 100 more or less, who stand around him twice a week and put question after question to him concerning all the events of his administration and also as to what is going on in congress we will probably never know. But it is an interesting feature of the publicity end of the game.

There stands the president, not like a professor with a lot of students, but rather backing away behind his chair, which he keeps handling while he listens to answer questions. From the group questions of assorted size and importance are asked. Nothing is too important nor too trivial to be presented to the president. He is asked about foreign affairs and domestic affairs, about his own doings and those of his cabinet, about matters in congress and in the departments, about subjects of which he might have full knowledge and subjects of which he could by no possible means have any knowledge.

Where possible President Wilson turns the questions into a semi-humorous vein, particularly those which are absurd. Finally the quizzing pails on him. He shows weariness, a desire to get away, and looks as if he would "shoo the gang out" if he could. Then a few slip around and ask the real important questions, their little "exclusives," so to speak, for the general questioning throws open all the news for everybody.

### What We Need.

"The sort of tariff we need is one for the unprivileged," said Congressman Kent of California, "for the man who has no means of shifting the burden on the man below him."

The trouble is to make such a tariff. The man who can invent taxes which are not shifted to the man at the bottom has been sent to congress.

### Governors in the Senate.

The percentage of governors in the senate continues. There are now twenty-one former governors in that body. Of the new senators Brady of Idaho, Burleigh of Maine, Robinson of Arkansas, Shafroth of Colorado and Vandaman of Mississippi have been governors.

"As a new member," remarked Congressman Aswell of Louisiana, "I should be profoundly grateful to both prongs of the forked minority for telling me how to vote."

As both factions of the minority had told the new members on the Democratic side that they were being "led around by rings in their noses," that they were "being tied up and delivered" and asked them to come over and be men and vote independently, the allusion was appreciated. And here is Aswell's tribute to Victor Murdock:

"The eloquent, able and very noisy leader of the shorter prong of the minority, sometimes called bull moosers."

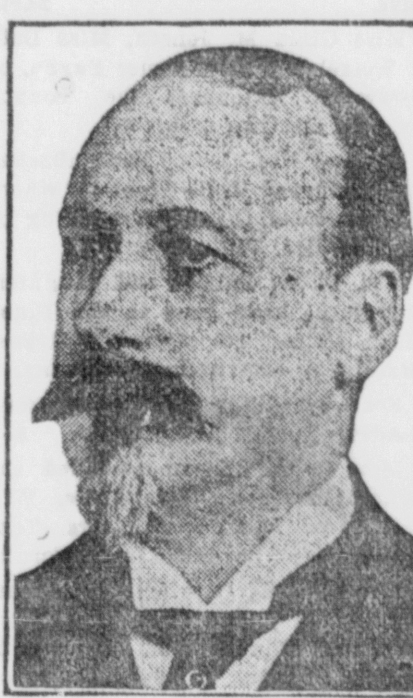

Although from a sugar producing state, Aswell told both "prongs of the minority" that he would stay with his party.

### A Great Coffee Market.

Have is the most important coffee market in Europe, if not in the entire world.

### FRANK O. BRIGGS.

Former New Jersey Senator Dying at Trenton.

Trenton, N. J., May 9.—Former United States Senator Frank O. Briggs, who has been ill for several months, is in a dying condition at his home in this city.

### TO QUIZ AFFIDAVIT MAKER

Committee Will Call Woman in Inquiry into O'Hara's Morals.

Springfield, Ill., May 9.—Members of the committee of four senators designated to conduct the investigation into the affidavit reflecting upon the character of Lieutenant Governor O'Hara probably will hold a conference in Chicago Saturday or Monday to formulate plans for a continuation of the investigation. This statement was made by the chairman of the committee.

It is probable that the investigators will proceed first to establish the authenticity of the affidavit in question. They will endeavor to locate the woman who made it.

## WILSON WATCHING EVENTS IN MEXICO

Outcome of Elections Will Determine Recognition.

Washington, May 9.—Intimations came from the White House that President Wilson was carefully watching the course of events in Mexico and that the United States government at present was waiting to see if the announced program of the Huerta government to hold bona fide elections would materialize before determining the question of recognition. Administration officials say the United States thus far has treated with the de facto government only business of the most routine character and that it also has had no dealings with the Constitutionals in the north.

### FALL FATAL TO JURIST.

Rochester, N. Y., May 9.—Peter B. McLennan of Syracuse, presiding justice of the fourth department, appellate division, one of the best known jurists in the state, tripped on the stairs at the Genesee Valley club and fell to the floor below, fracturing his skull. He died without regaining consciousness.

### SUIT LASTS HALF A CENTURY

Action for Damages During Civil War Compromised.

New York, May 9.—The longest lived suit in the history of New York's jurisprudence was settled—on action brought fifty years ago against the city of New York by Charles L. Appleby for damages done to his property by a mob during the Civil war.

Mr. Appleby sued for \$7,300 and interest on the principal, which would have totaled \$42,000. He compromised for \$7,300.

When the plaintiff brought the suit he was a young man. He is now eighty-eight years old.

### G. O. P. CAUCUS IS BALKED

Mann Leads Opposition to Reorganization of Committee.

Washington, May 9.—About fifty Republicans in the house met to discuss an early reorganization of the Republican congressional campaign committee, but owing to the opposition led by Republican Leader Mann no action was taken.

The call for the meeting had been issued at the instance of Representative Gardner of Massachusetts, who recently announced his candidacy for the chairmanship.

### Sticks to Wisconsin Job.

Madison, Wis., May 9.—Professor R. A. Moore of the astronomy department of the University of Wisconsin has declined the offer of Secretary Houston to become head of a bureau of the department of agriculture at Washington. The salary offered was \$6,000.

## JAPAN WILL FILE FORMAL PROTEST

### PRISON SHIP'S LAST TRIP

Santee Is Sold for \$3,000 and Purchasers Will Strip Her.

Annapolis, Md., May 9.—The old ship Santee, famous in the early days of the navy as a fighting machine, later used as a training ship, then as a prison and station ship at the naval academy, consigned to the junk pile by the government several months ago, is on her last voyage.

She sailed for Baltimore, where she will be patched sufficiently to weather a trip to Boston, where she will be beached and burned to obtain the valuable copper and brass her hull contains.

The vessel was sold to a Philadelphia firm for about \$3,000 and it is estimated that she contains about \$10,000 worth of metals.

Intends Objecting to California Anti-Alien Land Law.

### CHINDA WILL VISIT BRYAN

Mikado's Ambassador to the United States Will Present His Government's Objections to the Provision of the Measure to the Secretary of State, Who Will Lay the Matter Before President Wilson and the Cabinet.

Washington, May 9.—The Japanese government, through Ambassador Chinda, will acquaint Secretary Bryan with the nature of its objections to the anti-alien land law awaiting Governor Johnson's signature in California and it is expected the position of the United States government will be defined to the ambassador.

The president and his cabinet will meet to discuss the Japanese protest. Afterward Mr. Bryan will confer again with Ambassador Chinda, explaining the attitude of the administration.

It is believed here that the referendum move being urged by Theodore Bell, prominent Democrat in San Francisco, will have the effect of postponing the entire question long enough for the United States and Japan to arrive at an understanding, or perhaps negotiate a new treaty covering disputed points.

Secretary Bryan declined to discuss the referendum and White House officials were equally reticent. It is known that friends of the administration have told the president that there would be no difficulty in getting signatures in California to compel a referendum at the polls on the anti-alien bill.

### CONVICTS WILL LIE IDLE

State Prison Contractors Must Wait on Manufacturers.

Leavenworth, Kan., May 9.—Plans for the early resumption of operations at the state prison twine plant, recently destroyed by fire, were blocked when prison officials were notified that options on all second twine plant machinery in the country had been secured, presumably by agents of the twine manufacturers.

A representative of the prison left at once for New York to arrange for the building of new machinery. It was feared the new equipment would not be delivered in time for the manufacture of twine for this season.

Mrs. Sarah Anderson, aged 52, wife of O. E. Anderson, 414 Forsythe street, died this morning at a local hospital from cancer of the throat. She leaves a husband and three children, being Mrs. Nels Johnson, William Anderson and Mabel Anderson. The funeral will be held Monday afternoon at 2 o'clock from the house and 2:30 from the Peoples Congregational church, Rev. G. P. Sheridan officiating. She was a member of the United Order of Foresters. The sympathy of the community is extended to the bereaved family.

It takes more money to finance the kind of a Fourth of July celebration that the arrangements committee desires. The committee has been considering the securing of \$400 worth of fireworks, day and night fireworks to be set off by an expert. Another \$400 would be devoted to free attractions for the Brainerd people and the visitors within its gates. These would be vaudeville of the best kind with probably an afternoon and evening open air performance, something like the state fair puts on. The speaking would be short and the sports would be very short. In fact, the entire program would be something out of the ordinary run of 4th of July celebrations and would be the kind to attract many visitors to the city. But it takes money to do it. To date a little over \$400 has been raised and that is not enough. The chairman was instructed to appoint additional members of the finance committee to make another canvass.

### Brainerd Musical Club

A special business meeting of the Musical club was held in Elks hall last Saturday afternoon. Mr. Cobb, representing the Commercial club, presented plans for University Week and asked the club to co-operate with the Commercial club in an endeavor to make this week a success. The program offered promises to be even better than that of last year. Season tickets are to be sold for one dollar. In view of these facts, it is hoped that not only a large number of the people of Brainerd, but that many from surrounding towns may be interested and attend these lectures and concerts.

Mesdames Cohen, Thabes, Patek and Miss Whiteley were elected delegates and Mrs. Fredericks alternate, to represent the club at the district federation held at Wadena May 27-27. It is urged that as many members of the club as find it possible, plan to attend this meeting. The program promises to be one of much interest.

Mrs. D. M. Clark was elected vice president to fill the place made vacant by Mrs. LaBars resignation.

It was reported that the trees presented by the club to the four ward schools and to the city had been planted and named as follows: Whittier building, Handel; Harrison, Musical; Lincoln, Mozart; Lowell, Brainerd.

### FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots, How to Remove Easily

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength from your druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.—Advt.

## BUILDING NEWS OF TOWN

George H. Crosby Returns From  
Pasadena, Cal., Where He Spent  
the Winter

Crosby, Minn., May 9—Manager Ray Warren is as busy as a hen with a big brood of chicks for he is gathering the wealth of baseball material in Crosby and molding into shape a team which it is hoped will run up a bunch of scores against Brainerd next Sunday. The Crosby team will play its best at the Koering grounds on Sunday, May 11. Quite a large delegation is expected to accompany the team. The roads are in fine shape for automobiles and the train service now provided by the Northern Pacific railway is of the very best.

New building operations in Crosby include the erection of a two-story brick store building opposite the First National bank corner on First avenue west and Main street, size 50 by 80 feet by Stein and O'Rourke. Peterson, Yernberg & Haskell will build on the adjoining corner, their building being two stories high, of brick and 50 by 75 feet.

Ben Mizen is superintending the erection of the first 25 houses of the 100 ordered built by George H. Crosby.

The Crosby laundry company expects to establish branches in Deerwood and Brainerd.

The nine homes damaged or destroyed by fire in Lake View addition are being rebuilt.

There is a scarcity of good miners at the mines.

George H. Crosby has returned from a winter's sojourn at Pasadena, California.

Miss Jeffrey, of Minneapolis, is visiting Mr. and Mrs. Charles S. Roulo.

School district No. 51 will hold a special election May 24 to vote on the issuance of \$40,000 bonds to build and furnish two school houses.

The payday of the Crosby Exploration company May 10 was almost \$7,000. The mines pay on the 15th and 20th.

## PIONEER FARMER DEAD

August Lusso, for 30 Years Resident  
of County, Passed Away—  
Funeral Sunday

August Lusso, aged 52, of Nokay Lake, one of the oldest and most respected farmers of the county, passed away Wednesday night, cancer of the stomach being the cause of his demise. He had been a resident of Crow Wing county for more than 30 years and owned a fine and productive farm of 400 acres. He was a brother of the township clerk, Geo. Lusso.

He leaves a wife and an adopted son. The funeral will be held Sunday afternoon at two o'clock from the Nokay Lake school house and burial will be in Oak Grove cemetery near by, Rev. Withrop, of Aitkin, officiating at the ceremonies.

The sympathy of the entire community is extended the family in its sad bereavement.

Sand Building Houses

Barrows, Minn., May 10—The work of grading the streets in Barrows was started sometime ago and is progressing very satisfactorily under the supervision of Levi Bailey. Many streets will be improved and cement sidewalks will be laid in the summer. It is also proposed to grade a roadway extending through the beautiful park region lying between the townsite and the Mississippi river, a distance of about three-quarters of a mile.

The brick work on the Peck building was commenced this week. E. Heffernan, of Duluth, has the contract.

The Iron Range Townsite company has started the construction of ten more dwellings and ten more will follow in a short time. The demand for houses to live in is growing and a building boom will be experienced in Barrows this summer and fall.

A dance was given at the Jancey hall last Saturday night, about eighty people attended and all had a most pleasant time.

W. H. Mason, the mayor of Shell Rock, Iowa, visited here last week and was favorably impressed with the town and its developments. His son, William Mason, of Palsade, has gone into the lumber and building business and has started to build his office and warehouses. He expects to carry a complete line of lumber and building materials. Lyman Haselton, of Palsade, has removed to Barrows to take charge of Mr. Mason's lumber yard and expects to build a home for himself here in the near future.

C. B. Peck, of Duluth, has moved to Barrows and will go into business as soon as his building is completed.

Thos. H. Dunleavy, of Chisholm, has purchased from George Parmelee, of Wakefield, Mich., lots 13 and 14, block 12 of Barrows. The transfer was made through the office of the Barrows Realty & Insurance Co.

John Pearson, of Duluth, has purchased lots here and will open up a first class meat market in a few days.

E. T. Tanner, of Brainerd, has removed to Barrows. He is employed at the Barrows mine.

Paul J. Pepin has started to build a residence for himself and expects to have it ready in a few weeks.

George R. Whitehouse, of Hibbing, will build a residence here.

Paul Larson, of Duluth, has a residence under construction.

Peter Sand, of Brainerd, will commence building a residence next week. John Grande, of Duluth, has gone into the livery business here.

Emil Lind, of Brainerd, has purchased a lot and will build a residence here. Mr. Lind is a painter and decorator.

The big boarding house built by the M. A. Hanna company will be completed in a few days. Mrs. Joe Napierela will be the housekeeper.

## COMMISSIONERS PROCEEDINGS

Proceedings of the Board of County  
Commissioner, Meeting Held  
May 6th, 1913

Board met at the court house at 10 o'clock a. m. with all members present.

Minutes of the last meeting were read and approved.

Attorney A. D. Polk addressed the board about the mineral rights tax now in litigation. He represented the Pine Tree Lumber company and suggested that perhaps some compromise might be arrived at. On motion a committee was appointed to confer with Mr. Polk in the matter. Mr. Kroch and Mr. Tucker were appointed to act with the Chairman as such committee.

E. P. Hickey, tax agent of the N. P. Ry. Co., appeared before the board objecting to the tax on the foundry property within their shop yards at Brainerd, claiming that this was all covered by the gross earnings tax. An agreement was finally reached whereby the board recommended reducing the valuation from \$10,000.00 to \$7,500.00.

The following abatements were also recommended: F. O. Young 1 acre in the NE corner of lot 3, Sec. 19, Twp. 44, Rge. 31, for 1911, reduced from \$410.00 to \$10.00 on account of building burned; James A. Thoren on the SE 1/4 of NW 1/4, Sec. 35, Twp. 47, Rge. 29 from \$1000 to \$280 because the mineral was owned by other parties; Betsey C. Erickson on lot 4, Sec. 6, Twp. 46, Rge. 28 from \$2000 to \$310.

Petition of H. Longevin and others for new school district composed of the present territory of districts Nos. 6, 16 and 21 was read before the board and upon motion a hearing was ordered upon the same at the next meeting June 3d, 1913, at 2 o'clock p. m.

Chas. Barnard of the town board of Garrison, called attention to a dangerous point in the road along the hill side on shore of Mille Lacs lake and upon motion \$150 was set aside from the road and bridge fund to help the town to fix the road.

Board adjourned until 2 o'clock p. m.

All members present.

Edward Crust reported that a bridge in Sec. 5, Maple Grove town, was out of repair and asked that the board to send some one out to inspect the same. The auditor was directed to notify the town board of this fact and if the bridge was in condition, the county would help repair it.

The following appropriations were made to aid the towns in building roads: \$100 to Pelican on the south side of Sec. 33; \$150 to Rabbit Lake of which \$100 shall be used between Sec. 26 and 35 and \$50 between Sec. 23 and 24; \$100 to Little Pine to be used on the mail route between Sec. 28 and 29 and 28 and 21; \$150 to Maple Grove for the town line next to Long Lake; \$125 to Daggett Brook between Sec. 8 and 9; \$50 to Long Lake between Sec. 18 and 19; \$100 to Ross Lake to be used on the mail route; \$75 to Allen for bridge across Fox Creek; \$150 to Perry Lake for road running through Sec. 5, 9 and 16 and thence south to Mississippi river; \$150 to Lake Edward of which \$100 shall be used between Sec. 26 and 27 and \$50 between Sec. 21 and 22; \$100 to Ft. Ripley to be used on town line next to St. Mathias; \$400 to St. Mathias to help pay for bridge across Nokay Sebie near Frank Veillet's place; \$150 to Smiley on their S. town line and \$75 to Fairfield for town line next to Perry Lake.

W. R. McKenzie, secretary of the Northern Minnesota Development association together with a delegation of business men of Brainerd, asked the board for some money to help maintain the association. A motion was made and carried appropriating \$325 from the revenue fund for this purpose.

W. H. Cloud, R. R. Wise and others made application for the usual appropriation for the Crow Wing County Agricultural society and upon motion \$400 was set aside for this purpose.

Albert Fox asked that the board help the G. A. R. in the observance of Memorial day and \$50 was given for this purpose.

Petition of Dick Sagli and others to set off the south half of Sec. 23 and the south half of Sec. 24 from school district No. 5 to No. 4 came up for final hearing. Mr. Sagli and Louis Alberts argued in favor of the petition while P. A. Stendal and Geo. Keough objected on the ground that it would necessitate the building of a new school house or forming a consolidated district. A motion was finally made and carried to grant the petition and the above territory made a part of district No. 4.

Pursuant to notice final hearing was held on the petition of J. W. Holmes and others to establish a highway leading to the Mississippi river bridge in lot 1, Sec. 34, Twp. 134, Rge. 28 leading west to his place on the shore of Gilbert lake. The committee reported in favor of granting the petition and a motion was duly carried to establish the highway.

Plat of "Morrison's Bay" in lot 5 Sec. 23, Twp. 136, Rge. 28 on the west shore of Pelican lake was presented and on motion duly approved and ordered filed with the register of deeds with a copy for the auditor.

F. A. Glass handed in his resignation as county surveyor and in as much as he had never qualified for

## ASSAULT CASE DISMISSED

Teodor Sjogren, Complaining Witness,  
Fails to Appear at Crosby  
Against P. Newman

An aftermath of the late strike of the underground miners at and near Crosby came up in the Crosby municipal court Thursday. The case of the state against Peter Newman, a Crosby liveryman and deputy sheriff, accused of assaulting one Teodor Sjogren, now of Duluth, was called in Municipal Judge A. W. Uhli's court.

Newman demanded a trial. The complaining witness not being present, the case was dismissed. Sjogren gained some notoriety by a story in the Duluth papers to the effect that he had been kidnaped from Crosby.

## UGH! HOW CHILDREN HATE CASTOR OIL

To Clean the Little One's Stomach,  
Liver and Waste-Clogged Bowels  
Give Gentle "Syrup of Figs"

Look back at your childhood days. Remember the physic that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. The day of harsh physic is over. We don't force the liver and 30 feet of bowels now; we coax them. We have no dreaded after effects. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their little stomachs and tender bowels are injured by them.

If your child is fretful, peevish, half sick, stomach sour, breath feverish and its little system full of cold, has diarrhoea, sore throat, stomach-ache; doesn't eat or rest well—remember—look at the tongue, if coated, give a teaspoonful of Syrup of Figs, then don't worry, because you surely will have a well, smiling child in a few hours.

Syrup of Figs being composed entirely of luscious figs, senna and aromatics simply cannot be harmful. It sweetens the stomach, makes the liver active and thoroughly cleanses the little one's waste-clogged bowels. In a few hours all sour bile, undigested fermenting food and constipated waste matter gently moves on and out of the system without griping or nausea.

Directions for children of all ages, also for grown-ups, plainly printed on the package.

By all means get the genuine. Ask your druggist for the full name "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. Accept nothing else.

## CROSBY WILL PLAY BRAINERD

Range Town is Gathering a Team of Ball Players Who Expect to Deliver the Goods

### BUILDING NEWS OF TOWN

George H. Crosby Returns From Pasadena, Cal., Where He Spent the Winter

Crosby, Minn., May 9.—Manager Ray Warren is as busy as a hen with a big brood of chicks for he is gathering the wealth of baseball material in Crosby and molding into shape a team which it is hoped will run up a bunch of scores against Brainerd next Sunday. The Crosby team will play its best at the Koering grounds on Sunday, May 11. Quite a large delegation is expected to accompany the team. The roads are in fine shape for automobiles and the train service now provided by the Northern Pacific railway is of the very best.

New building operations in Crosby include the erection of a two-story brick store building opposite the First National bank corner on First avenue west and Main street, size 50 by 80 feet by Stein and O'Rourke. Peterson, Yernberg & Haskell will build on the adjoining corner, their building being two stories high, of brick and 50 by 75 feet.

Ben Mizen is superintending the erection of the first 25 houses of the 100 ordered built by George H. Crosby.

The Crosby laundry company expects to establish branches in Deerwood and Brainerd.

The nine homes damaged or destroyed by fire in Lake View addition are being rebuilt.

There is a scarcity of good miners at the mines.

George H. Crosby has returned from a winter's sojourn at Pasadena, California.

Miss Jeffrey, of Minneapolis, is visiting Mr. and Mrs. Charles S. Roulo.

School district No. 51 will hold a special election May 24 to vote on the issuance of \$40,000 bonds to build and furnish two school houses.

The payday of the Crosby Exploration company May 10 was almost \$7,000. The mines pay on the 15th and 20th.

### PIONEER FARMER DEAD

August Lusso, for 30 Years Resident of County, Passed Away—Funeral Sunday

August Lusso, aged 52, of Nokay Lake, one of the oldest and most respected farmers of the county, passed away Wednesday night, cancer of the stomach being the cause of his demise. He had been a resident of Crow Wing county for more than 30 years and owned a fine and productive farm of 400 acres. He was a brother of the township clerk, Geo. Lusso.

He leaves a wife and an adopted son. The funeral will be held Sunday afternoon at two o'clock from the Nokay Lake school house and burial will be in Oak Grove cemetery near by, Rev. Withrop, of Aitkin, officiating at the ceremonies.

The sympathy of the entire community is extended the family in its sad bereavement.

## UGH! HOW CHILDREN HATE CASTOR OIL

To Clean the Little One's Stomach, Liver and Waste-Clogged Bowels Give Gentle "Syrup of Figs"

Look back at your childhood days. Remember the physic that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. The day of harsh physic is over. We don't force the liver and 30 feet of bowels now; we coax them. We have no dreaded after effects. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their little stomachs and tender bowels are injured by them.

If your child is fretful, peevish, half sick, stomach sour, breath feverish and its little system full of cold, has diarrhoea, sore throat, stomachache; doesn't eat or rest well—remember—look at the tongue, if coated, give a teaspoonful of Syrup of Figs, then don't worry, because you surely will have a well, smiling child in a few hours.

Syrup of Figs being composed entirely of luscious figs, senna and aromatics simply cannot be harmful. It sweetens the stomach, makes the liver active and thoroughly cleanses the little one's waste-clogged bowels. In a few hours all sour bile, undigested fermenting food and constipated waste matter gently moves on and out of the system without griping or nausea.

Directions for children of all ages, also for grown-ups, plainly printed on the package.

By all means get the genuine. Ask your druggist for the full name "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. Accept nothing else.

## Wash Boilers Last Twice as Long

Want a boiler you can depend on to wear—and wear for years? Then get the Cream City kind. You can depend on any utensil that bears that name to give the best possible service—but especially on the Cream City Wash Boiler. You'll find it lasts twice as long as the common kind. For it's made extra strong to stand the knocks it's sure to get on wash day. Has swaged sides—wired rims—big hooked handles that make it easier to lift and empty and prevent pinching or burning your hands. Is guaranteed to last longer and give better service. Come in and see these two styles.

No. 9—1X Tin Boiler, copper bottom	\$1.35
No. 9—12 oz. all copper	\$3.00
No. 9—14 oz. all copper	\$3.40
